## of Correction

REQUEST FOR CERTIFICATE OF CORRECTION UNDER 37 CFR 1.323

The Applicants inadvertently erred in good faith when identifying the assignee on the issue fee payment documents on the patent application for the above captioned patent, and as a result the assignee information is incorrect. The assignee information on the issued patent currently reads "Caterpillar Inc., Peoria, IL (US)". An additional assignee should be included that reads "Delphi Technologies Inc., Troy, MI (US)". This mistake meets the requirements of 35 USC 255 because it is an error of a clerical nature and does not require changes to the existing patent that would constitute new matter or require re-examination.

A Petition for Correction of Assignee Information under 37 CFR 1.183 was filed on June 24, 2005, and subsequently granted. A Request for Certificate of Correction had already been filed previously to the 37 CFR 1.183 petition and denied. Thus the \$100.00 filing fee under § 1.20(a) is on record as being paid for the above captioned patent, though a Certificate of Correction was never issued.

Attached to this document you will find a copy of the petition under 37 CFR 1.183, a copy of the document granting the request, and a USPTO Certificate of Correction form PTO/SB/44. Not included is the \$100.00 fee required under 37 CFR 1.20(a) as it has already been paid. If the Applicants are in error, however, the Director is authorized to credit any overpayments to or withdraw any underpayments from USPTO account #500226.

Please issue a Certificate of Correction under 37 CFR 1.323 for the above captioned patent.

Respectfully Submitted,

PETITION FOR WAIVER OF RULES UNDER 37 CFR 1.183

The identified assignee information on the above captioned patent is incorrect due to an inadvertent mistake on the part of the applicant when filing PTOL-85B. The information as filed identifies only one assignee "Caterpillar Inc., Peoria, IL (US)". The correct assignee information should include two assignees. The first assignee is "Caterpillar Inc., Peoria, IL (US)" and the second assignee is "Delphi Technologies Inc., Troy, MI (US)". Please accept the attached Notice of Recordation of Assignment Document as verification of these assignees.

Please accept the petition fee of \$130.00 as required by 37 CFR 1.17(h) and waive 37 CFR 3.81(a) to permit the correct name of the assignee to be provided after issuance of the patent via a Certificate of Correction under 37 CFR 1.323.

Please credit any over-payments to or withdraw any under-payments from USPTO account #500226.

## Privacy Act Statement

The Privacy Act of 1974 (P.L. 93-579) requires that you be given certain information in connection with your submission of the attached form related to a patent application or patent. Accordingly, pursuant to the requirements of the Act, please be advised that: (1) the general authority for the collection of this information is 35 U.S.C. 2(b)(2); (2) furnishing of the information solicited is voluntary; and (3) the principal purpose for which the information is used by the U.S. Patent and Trademark Office is to process and/or examine your submission related to a patent application or patent. If you do not furnish the requested information, the U.S. Patent and Trademark Office may not be able to process and/or examine your submission, which may result in termination of proceedings or abandonment of the application or expiration of the patent.

The information provided by you in this form will be subject to the following routine uses:

1. The information on this form will be treated confidentially to the extent allowed under the Freedom of Information Act (5 U.S.C. 552) and the Privacy Act (5 U.S.C 552a). Records from this system of records may be disclosed to the Department of Justice to determine whether disclosure of these records is required by the Freedom of Information Act.
2. A record from this system of records may be disclosed, as a routine use, in the course of presenting evidence to a court, magistrate, or administrative tribunal, including disclosures to opposing counsel in the course of settlement negotiations.
3. A record in this system of records may be disclosed, as a routine use, to a Member of Congress submitting a request involving an individual, to whom the record pertains, when the individual has requested assistance from the Member with respect to the subject matter of the record.
4. A record in this system of records may be disclosed, as a routine use, to a contractor of the Agency having need for the information in order to perform a contract. Recipients of information shall be required to comply with the requirements of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(m).
5. A record related to an International Application filed under the Patent Cooperation Treaty in this system of records may be disclosed, as a routine use, to the International Bureau of the World Intellectual Property Organization, pursuant to the Patent Cooperation Treaty.
6. A record in this system of records may be disclosed, as a routine use, to another federal agency for purposes of National Security review (35 U.S.C. 181) and for review pursuant to the Atomic Energy Act (42 U.S.C. 218(c)).
7. A record from this system of records may be disclosed, as a routine use, to the Administrator, General Services, or his/her designee, during an inspection of records conducted by GSA as part of that agency's responsibility to recommend improvements in records management practices and programs, under authority of 44 U.S.C. 2904 and 2906. Such disclosure shall be made in accordance with the GSA regulations governing inspection of records for this purpose, and any other relevant (i.e., GSA or Commerce) directive. Such disclosure shall not be used to make determinations about individuals.
8. A record from this system of records may be disclosed, as a routine use, to the public after either publication of the application pursuant to 35 U.S.C. 122(b) or issuance of a patent pursuant to 35 U.S.C. 151. Further, a record may be disclosed, subject to the limitations of 37 CFR 1.14, as a routine use, to the public if the record was filed in an application which became abandoned or in which the proceedings were terminated and which application is referenced by either a published application, an application open to public inspection or an issued patent.
9. A record from this system of records may be disclosed, as a routine use, to a Federal, State, or local law enforcement agency, if the USPTO becomes aware of a violation or potential violation of law or regulation.
